### PROFILE

Hello! I recently completed Digital Crafts Software bootcamp where I've learned skills in Javascript, HTML, CSS, Python, Node.js, Express, SQL, and PostgreSQL. I am eager to apply my skills and knowledge to my first software engineering position.

Throughout my career, I have held a variety of positions including retail manager at T-Mobile, claims adjuster for Allstate and State Farm, and currently a real estate agent. These roles have allowed me to develop strong skills in time management, sales, marketing, conflict resolution, negotiation, and attention to detail.

### SKILLS

- JAVASCRIPT
- HTML
- CSS
- PYTHON
- NODE.JS
- EXPRESS
- POSTGRESQL
- VISUAL STUDIO

### EXPERIENCE

#### Real Estate Agent

2017-2023

As a real estate you must be knowledgeable trustworthy and responsible. To operate as an agent, you must stay legally compliant when transacting business.

#### Independent Claims Adjuster

2017-2023

In this role, I investigate and evaluate insurance claims. It is my responsibility to determine the validity of a claim and the amount of compensation that should be paid to the policyholder.

#### Sales Professional

2019-2021

Ferguson HVAC

Responsibilities include Building and maintaining relationships, Responding to customer inquiries, processing orders, providing technical support to customers, including troubleshooting and resolving issues meeting or exceeding sales targets

#### Retail Manager

2013-2018

T-Mobile

Monitored and analyzed sales data, and made data-driven decisions to improve performance.  
Handled customer complaints and issues, and resolved them to the satisfaction of the customer.  
Maintained inventory and placed orders for products and materials.
